The History of You

In order to make this your personal and unique wedding ceremony I weave your story through the ceremony. Therefore, the more information I get from both of you, the better. This will allow me to get a deeper insight into your relationship so that I can raise it up during your wedding ceremony and we can appreciate the unique aspects of your story and love.

Ideally, for this section, I would prefer both of you to send me an email separately giving as much information you feel comfortable with detailing and sharing. ***Please send your answers to the following questions in a separate email and don't look at or discuss each other's responses.***

How long have you been together?

What was your life like before you met your fiancé?

How did you meet? Detailing circumstances, thoughts and feelings and narrative.

Your first date? Where, what happened etc.

What strengths do you now possess since knowing each other (love is a positive force so how has it changed you)?

How do you think making this committed relationship changes you (or give you)?

Telling me when, how, where and the circumstances of your engagement proposal?

Tell me about your Family?

Tell me about your relationship?

What do you think the key for you to live a long and happy life together will be?
